

Variations on a Theme

I've a large and comprehensive collection of domestic cats on stamps; this page is just to show some of the items that may be available to collect for a particular issue. There could also be proofs, a maxicard, original artwork and occasionally errors for certain stamps – but there's no more room on the page!

The stamp is from the Central African Republic, issued 9 September 1986 and printed by Impressor SA (SG 1212, Scott 809, Mi 1231) and the cat is a red Persian.
