The 2022 EuroModels Fair will host Quai Zéro, the biennial Cercle du Zéro event which will celebrate its 40th anniversary. UDCM its organizer, Le Cercle du Zéro and the Redutex company are organizing a diorama competition.

Purpose of the competition

A: Large scales:

To make a portable diorama that can be transported in a private vehicle, in scales between 1 / 35th and 1 / 64th with a central theme of a dwelling, a building, an industrial building, a cameo scene, railway or otherwise, representing the style of the chosen region; at least **4 different types of Redutex self-adhesive textured** sheets should be used. The building(s) or construction(s) can be complete or a part representation of the real or imaginary prototype and must conform to the appropriate style of the chosen region

The Redutex materials are the choice of the model maker and can be use out of scale, reworked or refinished; they serve to add relief to the model. If the model maker is unable to obtain his required Redutex materials from a retailer then they can be ordered on the Redutex website.

The competing model maker (or club) may choose the theme, region, country and the environment of their diorama which should be accompanied by one or more photographs illustrating the style of the prototype and region modelled. The completed diorama to be presented at EuroModels at Châtellerault, on **24 & 25 September 2022**. This may be done in person or by their representative. The work presented must never have been the subject of an article in specialist magazines or previously shown at an exhibition

A jury consisting of representatives from the Cercle du Zéro, the Redutex company and others from the organization will vote anonymously for each of the exhibition entries. The jury's decision is final.

B: Other scales: a second category competition for model makers of scales between 1 / 72nd and 1 / 220th will be held, conforming to the above conditions

Prizes

In each category, three prizes will be awarded

Gold Talent: and **30 Redutex Texture sheets** including a maximum of 15 polychrome (in several colours) to be ordered from the manufacturer's catalogue with free post and packing.

Silver Talent: and **20 Redutex Texture sheets** including a maximum of 10 polychrome (in several colours) to be ordered from the manufacturer's catalogue with free post and packing.

Bronze Talent : and **10 Redutex Texture sheets** including a maximum of 5 polychrome (in several colours) to be ordered from the manufacturer's catalogue with free post and packing.
